Before you get started...

Write down the manufacturer name and model of your cable/satellite box below. You’ll be asked to enter this information during setup.

Manufacturer name: (Examples: TiVo®, DirecTV®, Motorola®, etc.)

Model: (Examples: ViP722, DCT-3146, etc.)

If you plan to connect your Slingbox to a wireless network, you may want to write down your network name and password.

Network name (SSID):

Network password:

One or more lights should start blinking on the front of the Slingbox, once the power cable is properly connected.

To complete setup, visit the above link on your computer, iOS device or Android device and follow the instructions.

Connect your Slingbox M1 to your cable or satellite box using the diagram below.

Connect the power cable

Connect the audio cables and component video cables

Connect an Ethernet cable (optional)

Connect the IR emitter cable (recommended)

Set up your Slingbox M1
